

# KITCHENER-WATERLOO WOODWORKING AND CRAFT CENTRE

## MISSION STATEMENT

The Centre is a safe, affordable, and socially inclusive environment where individuals interested in woodworking and other craft activities can gather and pursue meaningful activities.

The Centre is an intergenerational facility that provides opportunities for its members to use and not only improve existing skills but also learn new skills and enhance their sense of well being through access to a high quality facility

Although the Centre is not geared towards seniors only, our senior members pass on their experience and skills by mentoring younger members as well as the wider community to help keep those skills alive.

The volunteers group is the 'glue' that holds the Centre together. Their mentoring ensures the success of the Centre. Recruiting and supporting an active volunteer program is key to maintaining a vital organization.
